INDEPENDENT AUDITORS' REPORT

Honorable Randy J. Maxwell Concordia Parish Sheriff Vidalia, Louisiana

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Concordia Parish Sheriff as of and for the year ended June 30, 2005, as listed in the table of contents. These financial statements are the responsibility of the Sheriff. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and the *Louisiana Governmental Audit Guide*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Concordia Parish Sheriff as of June 30, 2005, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Management's discussion and analysis, and supplementary information on pages 4 through 8 and 32 through 33, respectively are not a required part of the financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information and reviewing the source of selected information. However, we did not audit the information and express no opinion on it.

Our audit was made for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental information schedules listed in the table of contents are presented for the purpose of additional analysis and are not a required part of the financial statements of the Concordia Parish Sheriff. Such information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Honorable Randy J. Maxwell Concordia Parish Sheriff Page Two

In accordance with Government Auditing Standards, we have also issued a report dated December 12, 2004 on our consideration of the Concordia Parish Sheriff's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the financial statements of the Concordia Parish Sheriff taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and is not a required part of the general purpose financial statements. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the general purpose financial statements taken as a whole.

CONCORDIA PARISH SHERIFF VIDALIA, LOUISIANA MANAGEMENT DISCUSSION & ANALYSIS (MD&A) YEAR ENDED JUNE 30, 2005

INTRODUCTION

The discussion and analysis (MD&A) of the Concordia Parish Sheriff's financial performance provides an overall narrative review of the Sheriff's financial activities for the year ended June 30, 2005. The intent of this discussion and analysis is to look at the Sheriff's performance as a whole; readers should also review the notes to the basic financial statements and the financial statements to enhance their understanding of the Sheriff's financial performance.

This discussion and analysis is a new element of required supplementary information specified in the "Governmental Accounting Standards Board's (GASB) Statement No. 34 – Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments" issued June 1999. Certain comparative information between the current year and the prior year is required to be presented.

The Concordia Parish Sheriff's office is located on Carter Street in Vidalia, Louisiana, with outlying facilities located in all parts of Concordia Parish.

The financial statements included in this report provide insight into the financial status for the year. Based upon the operations of the two years ended June 30, 2005, the Concordia Parish Sheriff's net assets increased by \$411,868 in 2004 and \$115,023 in 2005. This resulted in ending net assets of \$10,725,239 in 2004 and \$10,507,962 in 2005. There was a restatement adjustment in 2004 of \$332,500 due to recalculation of accrued uncompensated absences.

- 1. The beginning cash balance for the Concordia Parish Sheriff was \$6,860,349 as of June 30, 2003. The ending cash balance at June 30, 2004 was \$6,617,995 and it was \$5,463,827 at June 30, 2005.
- 2. The Sheriff had \$10,593,483 in revenues for the year ended June 30, 2004 and \$11,068,186 for the year ended June 30, 2005, which primarily consisted of property taxes, grants, prisoner upkeep and interest income. There was \$10,181,615 in expenditures including depreciation of \$275,620 for the year ended June 30, 2004 and \$10,953,163 in expenditures including depreciation of \$318,494 for the year ended June 30, 2005.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Concordia Parish Sheriff's basic financial statements. The Sheriff's basic financial statements comprise two components: 1) fund financial statements, and 2) notes to the financial statements.

Fund financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the Sheriff's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of the Sheriff's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Sheriff is improving or deteriorating.

YEAR ENDED JUNE 30, 2005

The statement of revenues, expenses and changes in net assets presents information showing how the Sheriff's net assets changed during the most recent fiscal year.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the fund financial statements. The notes to the financial statements can be found on pages 19 to 30 of this report.

FUND FINANCIAL ANALYSIS

Net assets may serve as a useful indicator of a government's financial position. In the case of the Sheriff's, assets exceeded liabilities by \$ 10,507,962 as of June 30, 2005.

Net Assets for the period ending June 30, 2005

The last two year's financial statements are dramatically different from past years as a result of implementing GASB 34. We present comparative data for the two years ended June 30, 2005, which are the two years that GASB 34 has been implemented by the Sheriff's office.

The following is a condensed statement of the Concordia Parish Sheriff's net assets as of June 30, 2005 and 2004:

Some of the net assets (\$207,250 or 2%) are restricted to fund debt service in the event that current operations cannot do so.

The remaining balance of the net assets (\$5,616,466 or 58%) may be used to pay current operating expenses.

The Sheriff has long-term debt of \$817,333, of which \$591,222 is for the note used to build the corrections facility in prior years. More information concerning this debt may be found on pages 27-28 of the notes to the financial statements. Total liabilities of \$1,158,821 are equal to 10% of the total assets of the Sheriff. This is a reduction in liabilities of \$292,821 over the prior year.

INTRODUCTION

As provided by Article V, Section 27 of the Louisiana Constitution of 1974, the Sheriff serves a four-year term as the chief executive office of the law enforcement district and ex-officio tax collector of the parish. The sheriff administers the parish jail system and exercises duties required by the parish court system, such as providing bailiffs, executing orders of the court, and serving subpoenas.

As the chief law enforcement officer of the parish, the Sheriff has the responsibility for enforcing state and local laws and ordinances within the territorial boundaries of the parish. The Sheriff provides protection to the residents of the parish through on-site patrols and investigations and serves the residents of the parish through the establishment of neighborhood watch programs, anti-drug abuse programs, et cetera. In addition, when requested, the sheriff provides assistance to other law enforcement agencies within the parish.

As the ex-officio tax collector of the parish, the Sheriff is responsible for collecting and distributing ad valorem property taxes, state revenue sharing funds, fines, costs and bond forfeitures imposed by the district court.

NOTE 1 – <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>

A. REPORTING ENTITY

The Sheriff is an independently elected official; however the Sheriff is fiscally dependent on the Concordia Parish Police Jury. The Police Jury maintains and operates the parish courthouse in which the sheriff's office is located. Because the Sheriff is fiscally dependent on the Police Jury, the Sheriff was determined to be a component unit of the Concordia Parish Police Jury, the financial reporting entity.

The accompanying financial statements present information only on the funds maintained by the sheriff and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

B. BASIS OF PRESENTATION

The accompanying financial statements of the Concordia Parish Sheriff have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standards setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement 34, "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments," issued in June 1999.

Government-wide Financial Statements (GWFS)

The Statement of Net Assets and Statement of Activities display information about the reporting government as a whole. They include all funds of the Concordia Parish Sheriff, which are considered to be governmental activities. Fiduciary funds are reported only in the Statement of Fiduciary Net Assets at the fund financial statement level.

CONCORDIA PARISH SHERIFF VIDALIA, LOUISIANA NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR JUNE 30, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

The Statement of Activities presents a comparison between direct expenses and program revenues for each of the functions of the Sheriff's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of services offered by the Sheriff, and (b) grants and contributions that are restricted to meeting the operational or capital requirement of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements (FSS)

Fund financial statements of the Concordia Parish Sheriff are organized on the basis of funds, each of which is considered a separate accounting entity. The various funds are reported by generic fund type in the financial statements. Each fund operates with a group of self-balancing accounts that comprises its assets, liabilities, fund equity, revenues and expenditures. Revenues are accounted for in the individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The following fund categories and fund types are used by the Sheriff.

Governmental Fund Type - Major

General Fund (Salary) — The General Fund is the principal fund of the Sheriff and is used to account for the operations of the Sheriff's office. This fund is used to account for the various sources of revenue received by the Sheriff's office. The Sheriff's primary source of revenue is an ad valorem tax levied for the law enforcement district and fees for maintenance of prisoners. Other sources of revenue include federal and state grants, mowing contracts, state revenue sharing, state supplemental pay for deputies, civil and criminal fees and fees for court attendance. General operating expenditures are paid from this fund.

Fiduciary Fund Type

Agency Funds – The Fines and Civil, Tax Collector, and Inmate Funds are used to account for assets held as an agent for others. Disbursements from these funds are made to various parish agencies, litigants in suits, etcetera, in the manner prescribed by law. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations and, accordingly, have no measurement focus.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

C. MEASUREMENT FOCUS/BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide statement of net assets and the statement of activities, governmental activities are presented using the economic resources measurement focus as defined in item b. below.

In the fund financial statements, the "current financial resources" measurement focus on the "economic resources" measurement focus is used as appropriated:

- a. All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. The government-wide financial statements utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery) and financial position. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Fund equity is classified as net assets.

Basis of Accounting

In the government-wide statement of net assets and statement of activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange like transactions are recognized when the exchange takes place.

Governmental fund financial statements are reported using the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures (including capital outlay) generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Capital assets, which include land, buildings, furniture, fixtures and equipment and vehicles, are reported in the governmental activities columns in the government-wide financial Statements. Capital assets are capitalized at historical cost or estimated cost if historical is not available.

Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Sheriff maintains a threshold level of \$500 or more for capitalizing capital assets. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net assets. Depreciation is provided over the assets' estimate useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or statement of net assets.

Compensated Absences

For each year thereafter, they receive a total of ten working days of noncumulative vacation leave. Employees receive the same number of cumulative sick leave days, which are not payable upon termination or retirement.

Equity Classifications

In the government-wide statements, equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any notes, or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- b. Restricted net assets Consists of net assets with constraints placed on the use of either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

E. Revenues and Expenditures

Revenues

Ad valorem taxes and the related state revenue sharing are recorded in the year taxes are due and payable. Ad valorem taxes are assessed on a calendar year basis, become due on November 15 of each year, and become delinquent on December 31. The taxes are generally collected in December, January, and February of the fiscal year.

Intergovernmental revenues and fees, charges and commissions for services are recorded when the Sheriff is entitled to the funds.

Actual results could differ from those estimates.

G. Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest-bearing demand deposits and time deposits. All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

<u>Description</u>	Estimated <u>Lives</u>
Buildings and building improvements	20-40 years
Furniture and fixtures	5-15 years
Vehicles	5-10 years

- 2. Imposed by law through constitutional provisions or enabling legislation.

K. Fund Equity

Actual results could differ from those estimates.

NOTE 7 – PENSION PLAN

<u>Plan Description</u> – All sheriffs, deputies and other employees who are found to be physically fit, who earn at least \$400 to \$800 per month depending on year employed, and who were at least age 18 years or older at the time of original employment are required to participate in the System. Employees are eligible to retire at or after age 55 with at least 12 years of credited service and receive a benefit, payable monthly for life, equal to a percentage of their final-average salary for each year of credited service. The percentage factor to be used for each year of service is 3.33 percent for each year of total service. In any case, the retirement benefit cannot exceed 100 percent of their final-average salary. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average.

Employees who terminate with at least 12 years of service and do not withdraw their employee contributions may retire at or after age 55 and receive the benefit accrued to their date of termination as indicated previously. Employees who terminate with at least 20 years of credited service are also eligible to elect early benefits between ages 50 and 55 with reduced benefits equal to the actuarial equivalent of the benefit to which they would otherwise be entitled at age 55. The System also provides death and disability benefits. Benefits are established or amended by state statute.

Members are not required to make any contributions to the plan. The Concordia Parish Sheriff's Office is required to contribute at an actuarially determined rate. The combined rates range from 19.55% to 19.75% of annual covered payroll. The Concordia Parish Sheriff's Office contributions for the year ending June 30, 2005 were \$1,265,551.

CONCORDIA PARISH SHERIFF

NOTE TO BUDGETARY COMPARISON SCHEDULE FOR THE YEAR ENDED JUNE 30, 2005

General Budget Policies

A proposed budget, prepared on the modified accrual basis of accounting, is published in the official journal at least ten days prior to the public hearing. A public hearing is held at the Concordia Parish Sheriff's office during the month of June for comments from taxpayers. The budget is established and controlled by the sheriff at the object level of expenditure. Appropriations lapse at year-end and must be reappropriated for the following year to be expended.

Formal budgetary integration is employed as a management control device during the year. Budgeted amounts included in the accompanying budgetary comparison schedule include the original adopted budget amounts and all subsequent amendments.

Budget Basis of Accounting

All governmental funds' budgets are prepared on the modified accrual basis of accounting. Budgeted amounts are as originally adopted or as amended by the Sheriff. Legally, the Sheriff must adopt a balanced budget; that is, total budgeted revenues and other financing sources including fund balance must equal or exceed total budgeted expenditures and other financing uses. State statutes require the Sheriff to amend its budgets when revenues plus projected revenues within a fund are expected to be less than budgeted revenues by five percent or more and/or expenditures within a fund are expected to exceed budgeted expenditures by five percent or more.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Randy J. Maxwell Concordia Parish Sheriff Vidalia, Louisiana

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Concordia Parish Sheriff, Vidalia Louisiana as of and for the year ended June 30, 2005, and have issued our report thereon dated December 12, 2005. We have conducted our audit in accordance with standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the Louisiana Governmental Audit Guide.

Compliance

As part of obtaining reasonable assurance about whether Concordia Parish Sheriff's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that is required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Concordia Parish Sheriff's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the basic financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or

Honorable Randy J. Maxwell Concordia Parish Sheriff Page Two

operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the basic financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the Concordia Parish Sheriff, management of the sheriff's office, interested state agencies, federal awarding agencies and the Louisiana Legislative Auditor and is not intended to be and should not be used by anyone other than these specified parties. Although the intended use of these reports may be limited, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Honorable Randy J. Maxwell Concordia Parish Sheriff Vidalia, Louisiana

Compliance

We have audited the compliance of the Concordia Parish Sheriff, Vidalia, Louisiana with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2005. The Concordia Parish Sheriff's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Concordia Parish Sheriff management. Our responsibility is to express an opinion on the Concordia Parish Sheriff's compliance based on our audit.

We conducted our audit of compliance in accordance with standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the comptroller General of the United States and OMB Circular A-133, Audits of States, Local Governments and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform that audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Concordia Parish Sheriff's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Concordia Parish Sheriff's compliance with those requirements.

In our opinion, the Concordia Parish Sheriff complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2005.

Honorable Randy J. Maxwell Concordia Parish Sheriff Page Two

Internal Control Over Compliance

The management of the Concordia Parish Sheriff is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Concordia Parish Sheriff's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the Concordia Parish Sheriff, management of the sheriff's office, interested state agencies, federal awarding agencies and the Louisiana Legislative Auditor and is not intended to be and should not be used by anyone other than these specified parties. Although the intended use of these reports may be limited, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
